

School:	Private
University:	N/A
Others:	Native or Non-native Speakers
Name of School or University:	Sitapatr School
Location:	Nakhon Si Thammarat
Working time:	Full-time
Write or Paste Ad:	<p>We are Sitapatr School, a small private school in the province of Nakhon si Thammarat, Thailand. Our school is focused on hands-on, fun-centered education and we're looking for enthusiastic teachers to join our Primary and Kindergarten teams. We're looking for teachers who can start on November 1 2024. We have a completion bonus of 10,000THB for finishing your contract in March 2025 and the April holiday is paid if you sign on for another year.</p> <p>We're looking for Kindergarten and Primary teachers who are energetic and willing to plan fun activities, sing songs and play games. Our kindergarten classes are predominantly focused on phonics but we try to build this around conversation and small group activities. Our primary classes are subject based and we teach English through subjects such as Health, Science, Reading and Math.</p> <p>Ultimately we'd like teachers who are familiar with phonics but really the most important thing is enthusiasm for creating engaging classes and willingness to integrate with our foreign teams.</p> <p>Our school has a total of 18 foreign teachers employed, and within our city there are other schools which employ foreign teachers and so we have a big foreign community in our city! This is great for those who like to socialise after school and if you're looking for friends to travel the country with on the weekends. Koh Samui and Koh Phangan are a short drive and ferry trip away and we border the province of Krabi. The province itself is known for its mountains and beaches so if you're looking to experience the natural beauty of Thailand then this is definitely the right province for you.</p> <p>Salaries are negotiable for those with qualifications and experience but start at 35,000THB.</p> <p>Overall we are a passionate and fun driven team with a focus on quality education. If that sounds like something you're interested in then please send an email to EPdirector@sitapatr.ac.th with your CV and a motivating cover letter.</p> <p>Please also check out instagram.com/sitapatrep to learn a little bit more about who we are or click here for a video on what life is like for our teachers: https://www.instagram.com/reel/CwZ9gtyApL5/?utm_source=ig_web_copy_link&igsh=MzRIODBiNWFIZA==</p> <p>We look forward to hearing from you soon!</p>
