Well Baby Lingual - Khon Kaen

We are looking for a passionate and skilled English teacher to join our team and teach children through play-based learning and creative activities.

The ideal candidate should be fluent in English, have experience working with children, and be capable of creating an engaging, fun, and supportive classroom environment.

Responsibilities include developing interactive lessons using games, songs, arts and crafts, monitoring student progress, collaborating with other staff, and communicating with parents about their child's development. While experience in a play-based setting is preferred, it is not mandatory. The role requires excellent communication skills, creativity, patience, and a positive attitude.

We offer a negotiable salary based on qualifications, Non-B visa sponsorship, and a dedicated apartment. If you are enthusiastic about teaching young learners and meet the requirements, please apply by submitting your CV and cover letter to Well Baby Lingual.

Salary: 35,000 Baht.

Contact us through Line or email for more details and/or to apply:
