The school specializes in Math and Science. The school receives special funding from the Thai government to help support extra learning for students gifted in Math and Science for things such as lab equipment and projectors in most classrooms. Even though our students may excel in Math and Science, this doesn't necessarily mean their English skills are great. However, our students know how to study, or they would not have tested in our school. Our school has a reputation for having the politest students in Chiang Mai.</p> <p>email:maikcook@hotmail.com</p>
